Dear Interested Party:

Montana Fish, Wildlife, and Parks (FWP) is seeking public comment on a draft management plan for the Fresno Reservoir Wildlife Management Area (WMA). The Fresno Reservoir WMA is located in Hill County just upstream of Fresno Reservoir. The WMA is on Bureau of Reclamation (BOR) property, but managed by FWP under a management agreement between FWP and BOR. The management plan identifies the objectives for wildlife habitat, weed management, infrastructure, and public recreation. The plan also identifies proposed management actions that will be implemented to help achieve these objectives.

The draft management plan will be available on the FWP website at <http://fwp.mt.gov/news/publicNotices/>. A copy of the plan may also be obtained by contacting the FWP Havre Area Office at 406-265-6177 or by emailing shemmer@mt.gov. The 30-day comment period for this management plan will start 3/29/17 and run through 4/27/17.

Please send all written comments to the following address:
